DOCKER

MICROSERVICES

PROFESSIONAL EXPERIENCE

Online Savaari Pvt Ltd

Nov 2024 - Present

SDE Backend Engineer

Experienced backend developer specializing in Python and Django Rest Framework. Skilled in designing and developing scalable RESTful APIs, integrating complex data, and working with third-party APIs. Strong expertise in data modeling, performance optimization, and ensuring secure and efficient communication between services.

Python Developer

Sep 2024 - Oct 2024

Exackt Techfleeters

Developed scalable web applications using Python and Django, optimizing performance and reliability. Designed complex APIs for seamless data exchange between frontend and backend. Built a feature-rich portal website and a real-time chat application using Django and WebSockets. Deployed containerized applications with Docker, enhancing scalability and load handling.

Web Developer

July 2023 - Jan 2024

Aara Groups

Utilized React components, hooks, and state management for dynamic, responsive pages. Collaborated with team members to integrate REST APIs, ensuring efficient data flow. Gained experience in debugging, performance optimization, and version control with Git.

EDUCATION

Bachelor of Technology (BTech)

2024 - 2027

Computer Science Engineering

M.G Institute of Technology and Management

Polytechnic Diploma

2021 - 2024

Computer Science Engineering

Aryavart Institute of Technology and Management

CERTIFICATIONS

Udemy Certificate of Python Beginner Course
